

## Brennan M.R. Spiegel, MD, MSHS

Dr. Brennan Spiegel is the Director of Health Services Research for Cedars-Sinai Health System, Editor-in-Chief of the American Journal of Gastroenterology, and Director of the Cedars-Sinai Master's Degree Program in Health Delivery Science.

Dr. Spiegel directs a multidisciplinary team that investigates how digital health technologies, including wearable biosensors, smartphone applications, virtual reality, and social media, can improve people's lives. His team developed the largest and most widely-documented medical virtual reality program in the world at Cedars-Sinai.

Dr. Spiegel has published numerous best-selling medical textbooks, editorials, and more than 200 articles in peer-reviewed journals. He wrote the series of "Acing the GI Board Exam" review manuals and runs an annual board review course for GI practitioners.

His research team receives funding from the NIH, PCORI, Robert Wood Johnson Foundation, Hearst Foundation, Veterans Administration, State of California precision medicine program, and industry sources.
