Optimizing Breast Health in Young Women: A Multidisciplinary Approach

SATURDAY, NOVEMBER 11, 2017 7:15 A.M. TO 4:30 P.M.

CONFERENCE LOCATION

Cedars-Sinai Medical Center 8701 Gracie Allen Drive Harvey Morse Auditorium Plaza Level, South Towers Los Angeles, CA 90048

For the latest course information and to register visit cedars-sinai.edu/breasthealthcme. If you have any other questions, please call 310-423-5548 or email cme@cshs.org.

ACTIVITY INFORMATION

COURSE DESCRIPTION

This one-day symposium will focus on the latest updates in breast health and management of breast cancer in young women. The course objective is to provide clinicians with important insights on common challenges faced by young women who are at high-risk for breast cancer or are diagnosed with the disease. The conference will begin with a focus on screening and risk assessment, including discussions on advances in breast imaging, the use of breast cancer risk assessment tools, high-risk breast lesions, genetics and breast cancer risk reduction in younger women. This will be followed by topics specific to young women diagnosed with breast cancer, such as addressing effects of the disease on pregnancy and fertility, novel therapeutic options, and advances in breast reconstruction. The program will conclude with presentations on survivorship and the psychosocial challenges faced by this population.

TARGET AUDIENCE

This educational activity will be designed to address the educational needs of: physicians, fellows/residents and allied healthcare professionals in the fields of family medicine, internal medicine, obstetrics and gynecology, oncology, radiology and surgery.

EDUCATIONAL OBJECTIVES

- Identify the various breast imaging modalities, including ultrasound, mammography and MRI, and their effectiveness in young women
- Utilize available tools for breast cancer risk assessment and understand approaches for risk reduction
- · Describe genetic mutations associated with breast cancer for young women with breast cancer
- · Identify reconstruction options for young women with breast cancer
- Use algorithms for the management of pregnancy-associated breast cancer
- Recognize the outcomes associated with fertility treatments and pregnancy in young women diagnosed with breast cancer
- $\bullet \quad \text{Indicate alternative treatment that may reduce breast cancer risk in high risk women }$
- · Indicate alternative therapies that may safely improve fertility in breast cancer patients
- Define the indications, complications and outcomes of hormonal therapy in young women
- Define disparities faced by young women with breast cancer and present means of addressing these disparities
- Assess the psychosocial challenges faced by young women with breast cancer and present means of addressing these challenges
- Define the long-term side effects of chemotherapy when given to young women with breast cancer
- · Define the long-term side effects of radiation when given to young women with breast cancer
- Utilize AJCC or other appropriate staging in clinical practice, including the use of appropriate prognostic indicators and evidence-based national guidelines in treatment planning

ACCREDITATION STATEMENT

Cedars-Sinai Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT

Cedars-Sinai Medical Center designates this live activity for a maximum of 7.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSES

The California State Board of Registered Nursing accepts courses approved by the ACCME for category 1 credit as meeting the educational requirements for license renewal.

POLICY ON DISCLOSURE

It is the policy of Cedars-Sinai Medical Center to ensure balance, independence, objectivity, and scientific rigor in all of its educational activities. Cedars-Sinai Medical Center assesses conflict of interest with its faculty, planners and managers of CME activities. Conflicts of interest that are identified are resolved by reviewing that presenter's content for fair balance and absence of bias, scientific objectivity of studies utilized in this activity, and patient care recommendations.

While Cedars-Sinai Medical Center endeavors to review faculty content, it remains the obligation of each physician or other healthcare practitioner to determine the applicability or relevance of the information provided from this course in his or her own practice.

Special thanks and appreciation for the support received from: CEDARS-SINAI IMAGING MEDICAL GROUP

ACKNOWLEDGMENT OF COMMERCIAL SUPPORT

Commercial support for this conference is pending. Companies that support this CME activity with educational grants will be acknowledged at the conference.

AGENDA

SATURDAY,	NOVEMBER 11, 2017			
7:15 A.M.	Registration and continental breakfast			
8:00	Introduction and overview	Armando Giuliano, MD		
8:10	Breast imaging challenges in young women	Donald Cohen, MD		
8:45	Breast cancer risk assessment tools	Farin Amersi, MD		
9:20	Updates in genetic syndromes and breast cancer	M. William Audeh, MD		
9:55	High risk breast lesions Alice Chun			
10:25	Break			
10:40	Breast cancer risk reduction: Medical, surgical & lifestyle	Catherine Dang, MD		
11:15	Role of alternative therapy in risk reduction and fertility in breast cancer	Daoshing Ni, DOM, PhD		
11:50 P.M.	Lunch			
12:45	Keynote Speaker Ovarian stimulation in the breast cancer patient	Mitchell Rosen, MD		
1:45	Pregnancy associated breast cancer	Monica Mita, MD		
2:15	Updates in breast reconstruction for young patients with breast cancer	Betty Kim, MD		
2:40	Hormonal therapy in young women with ER+ breast cancer	Reva Basho, MD		
3:15	Disparities and psychosocial challenges for Z young women with breast cancer	iva Naghiyeva, MSW, LCSW		
3:50	Long-term effects of chemotherapy and radiation for young breast cancer survivors	therapy Arash Asher, MD		
4:25	Closing remarks	Armando Giuliano, MD		
4:30 P.M.	Adjourn			

REGISTRATION

Optimizing Breast Health in Young Women: A Multidisciplinary Approach SATURDAY, NOVEMBER 11, 2017 – 7:15 A.M. – 4:30 P.M.

REGISTRATION FEES	PH	YSICIAN	NO	N-PHYSICIANS	RE	SIDENTS/FELLOWS	
Received by 11/8/17		\$175		\$140		\$75	
Received after 11/8/17		\$ 215		\$ 175		\$90	
The registration fee includes CME credit, course materials and meal functions.							

*Residents/Fellows are eligible to attend for a reduced registration fee. In order to receive this reduced fee, please send the written proof of residency (i.e. letter from Program Director) along with your completed registration form or upload the written proof of residency online.
