ACTIVITY INFORMATION

COURSE DESCRIPTION AND STATEMENT OF NEED

The 18th Annual Emergency Medicine Symposium: A Practical Update is a cutting-edge activity that will provide participants with the latest clinical information to support the delivery of fast and accurate diagnoses and treatment decisions. Expert faculty will share their broad knowledge and clinical expertise, energy and commitment to emergency medicine. This one-day virtual activity will cover current and emerging trends in the emergency department (ED), the emerging use of artificial intelligence in the ED as well as image interpretation data analysis. It will also cover the latest therapeutics for COVID-19, the effects of COVID-19 on children, and ventilation strategies for patients affected by COVID-19. A usual highlight will be the top five eye-catching and important articles in trauma management and emergency management not related to COVID-19. To conclude, we will have a presentation with wellness tips, which are always needed this time of year.

ACCREDITATION STATEMENT

Cedars-Sinai Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT

Cedars-Sinai Medical Center designates this live activity for a maximum of 4.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
