This CME activity will bring together physicians from a wide variety of disciplines including endocrinology, obstetrics/gynecology, and internal medicine to provide participants with a state-of-the-art conference on endocrinology and metabolism. This course is designed to summarize and present the latest information in diagnosing and managing of endocrine/metabolic disorders, including pituitary disorders, diabetes mellitus, osteoporosis, obesity and androgen-related disorders such as polycystic ovary syndrome (PCOS). In addition to state-of-the-art management of various endocrine and metabolic disorders, participants will gain new insight into emerging areas of clinical research and controversial issues in disease management. Formal presentations will be accompanied by question-and-answer periods with general discussion.

**EDUCATIONAL OBJECTIVES**

- Evaluate patients for impaired glucose tolerance to reduce morbidity associated with PCOS
- Discuss goals and controversies of patients with endocrine hypertension
- Adopt a multi-disciplinary approach to the care of patients with endocrine and metabolic conditions
- Apply new learning to improve health outcomes of patients with adrenal insufficiency
- Develop treatment plans for obesity and diabetes that integrate lifestyle, pharmacotherapy and weight loss surgery

**ACCREDITATION STATEMENT**

Cedars-Sinai Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

**CREDIT DESIGNATION STATEMENT**

Cedars-Sinai Medical Center designates this live activity for a maximum of 6.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**NURSES**

The California State Board of Registered Nursing accepts courses approved by the ACCME for Category 1 credit as meeting the educational requirements for license renewal.

**POLICY ON DISCLOSURE**

It is the policy of Cedars-Sinai Medical Center to ensure balance, independence, objectivity and scientific rigor in all its educational activities. Cedars-Sinai Medical Center assesses conflicts of interest with its faculty, planners and managers of CME activities. Conflicts of interest that are identified are resolved by reviewing that presenter’s content for fair balance and absence of bias, scientific objectivity of studies utilized in this activity, and patient care recommendations.

While Cedars-Sinai Medical Center endeavors to review faculty content, it remains the obligation of each physician or other healthcare practitioner to determine the applicability or relevance of the information provided from this course in his or her own practice.

**ACKNOWLEDGMENT OF COMMERCIAL SUPPORT**

Commercial support for this conference is pending. Companies who support this CME activity with educational grants will be acknowledged at the conference.
