COURSE DESCRIPTION AND STATEMENT OF NEED

The 18th Annual Cedars-Sinai Educational Meeting in Gastroenterology is a unique continuing medical education program designed to provide attendees with relevant information regarding new developments in gastroenterology and new approaches to the management of gastrointestinal diseases. A group of national experts, including several renowned guest faculty, will use a clinical context to present new findings and guidelines that will be useful in your gastroenterology practice. Throughout the 17 years this program has been offered, the Center for Digestive Disease at Cedars-Sinai Medical Center has not only provided this important annual educational event, but also contributed significantly to the changes in how gastroenterology is practiced worldwide.

This two-day conference is intended for gastroenterologists and all other healthcare professionals who treat patients with gastrointestinal disorders. In addition to lecture-format presentations, the course will include debate and panel discussions, Q & A sessions, case discussions and interactive video presentations. We look forward to providing you with the latest advances and future directions in multidisciplinary management of common, unique and complex gastrointestinal disorders.

TARGET AUDIENCE

This activity is designed to meet the educational needs of gastroenterologists and other healthcare professionals involved in treating patients with gastrointestinal disorders.

EDUCATIONAL OBJECTIVES
