9TH ANNUAL LOS ANGELES ORTHOPEDIC TRAUMA COURSE:
HOT TOPICS IN ORTHOPEDIC TRAUMA

SATURDAY, OCT. 21, 2017

COURSE DIRECTOR
Donald A. Wiss, MD

CONFERENCE LOCATION:
Sofitel Los Angeles at Beverly Hills
8555 Beverly Blvd.
Los Angeles, CA 90048

For the latest course information and to register, visit cedars-sinai.edu/orthotraumacme
Agenda

7:00–7:55 A.M.  Registration – Breakfast – Exhibit

7:55–8:00  Welcome and Announcements  Donald A. Wiss, MD

SESSION I: UPPER EXTREMITY FRACTURES  
Moderator: Donald A. Wiss, MD

8:00–8:15  Displaced Distal Clavicle Fractures with CC Disruption: Management Strategies  
Speaker: Thomas Kremen, MD

8:15–8:30  Displaced Proximal Humeral Factures: Improving Outcomes  
Speaker: Donald A. Wiss, MD

8:30–8:45  Displaced Proximal Humerus Fractures: Indications for Reverse Shoulder Arthroplasty  
Speaker: Ryan DellaMaggoria, MD

8:45–9:00  Intra-Articular Distal Humerus Fractures: Is an Olecranon Osteotomy Necessary?  
Speaker: Milton Little, MD

9:00–9:15  Displaced Distal Humerus Fractures in the Elderly: Primary Total Elbow Arthroplasty  
Speaker: Charles Moon, MD

9:15–9:30  Terrible Triad Injuries: Diagnosis and Management  
Speaker: Ryan DellaMaggoria, MD

9:30–9:45  Discussion

9:45–10:00  Break and Exhibits

SESSION II: HIP AND FEMUR  
Moderator: Mark Vrahas, MD

10:00–10:15  Displaced Femoral Neck Fractures: Indications for Total Hip Replacement  
Speaker: Brad Penenberg, MD

10:15–10:30  Arthroplasty for Femoral Neck Fractures: Picking the Right Surgical Approach  
Speaker: Guy Paiement, MD

10:30–10:45  Intertrochanteric Hip Fractures: Should All Patients Get a Nail?  
Speaker: Milton Little, MD

10:45–11:00  Discussion

11:00–11:15  Peri–Prosthetic Proximal Femur Fractures: A Treatment Algorithm  
Speaker: Mark Vrahas, MD

11:15–11:30  Subtrochanteric Femur Fractures: Reduction Techniques and Tricks  
Speaker: Donald A. Wiss, MD

11:30–11:45  Supracondylar Femur Fractures: Plate or Nail  
Speaker: Charles Moon, MD

11:45–12:00 P.M.  Discussion

12:00–1:00  Lunch and Exhibits
### SESSION III: KNEE, TIBIA, ANKLE AND FOOT

**Moderator:** Charles Moon, MD

1:00–1:15  
**Patella Fractures: The Forgotten Peri-Articular Fracture**  
**Speaker:** Milton Little, MD

1:15–1:30  
**Intra-Medullary Nailing of the Proximal and Distal Tibia Fractures: Technical Points and Reduction Tips**  
**Speaker:** Carol Lin, MD

1:30–1:45  
**The Dreaded Pilon Fracture: Reducing Complications**  
**Speaker:** Donald A. Wiss, MD

1:45–2:00  
**Discussion**

2:00–2:15  
**Ankle Syndesmotic Injuries: What is the Current Consensus?**  
**Speaker:** Carol Lin, MD

2:15–2:30  
**Post-Traumatic Ankle Arthritis: Arthrodesis or Arthroplasty**  
**Speaker:** Glenn Pfeffer, MD

2:30–2:45  
**Calcaneus Fractures: Emerging Techniques in Treatment**  
**Speaker:** Carol Lin, MD

2:45–3:00  
**Discussion**

3:00–3:15  
**Refreshment Break and Exhibits**

### SESSION IV: CONTROVERSIAL TOPICS IN CURRENT TRAUMA CARE

**Moderator:** Carol Lin, MD

3:15–3:30  
**The Timing of Fracture Care: Who Requires Night Surgery**  
**Speaker:** Adam Neustein, MD

3:30–3:45  
**Bone Graft, Substitutes, Growth Factors**  
**Speaker:** Donald A. Wiss, MD

3:45–4:00  
**Post-Operative Orthopedic Infection: Diagnosis and Management**  
**Speaker:** Charles Moon, MD

4:00–4:15  
**Osteoporosis Update for Orthopedic Surgeons**  
**Speaker:** Milton Little, MD

4:15–4:30  
**The Patient Perspective**  
**Speaker:** Donald A. Wiss, MD

4:30–4:45  
**Discussion**

4:45 P.M.  
**Adjourn**
COURSE DESCRIPTION AND STATEMENT OF NEED

Orthopedic trauma involves serious injuries to bones and joints, including complex fractures and dislocations that can result in complications. These potentially limb-threatening or life-altering injuries are commonly the result of high-energy trauma from car accidents, falls, sporting activities and industrial accidents, and require critical decision-making strategies for immediate care and surgical interventions. With more patients with complex injuries remaining at the admitting hospital, the responsibility for care rests with surgeons practicing at non-trauma hospitals. This has increased the need for surgeons who take emergency calls to be current with contemporary methods of fracture management.

This conference will present the latest techniques and algorithms in the care of patients with complex upper- and lower-extremity injuries, hip and femur fractures, and tibia, knee and ankle injuries, for the benefit of orthopedic surgeons, emergency room physicians and other clinicians and healthcare professionals. Expert faculty will explore improving outcomes for displaced proximal humeral fractures, discuss the indications for total hip replacement, provide reduction techniques and tricks for subtrochanteric femur fractures and intramedullary nailing of proximal and distal tibia fractures, and cover controversial topics in current trauma care using a combination of didactic lectures, case studies, panel discussions and audience engagement.

TARGET AUDIENCE

This activity is designed to meet the educational needs of orthopedic surgeons, emergency room physicians, physician assistants, residents, fellows, nurse practitioners and registered nurses on the latest techniques and algorithms for the care of patients with complex musculoskeletal problems.

EDUCATIONAL OBJECTIVES

- Identify emerging technologies and methodologies in the management of upper-extremity fractures
- Identify the mechanism of injury and surgical approaches used to treat terrible triad injuries while providing adequate stability for early elbow range of motion and preventing elbow stiffness
- Apply orthopedic trauma assessment principles for hip and femur fractures and evaluate surgical intervention options for fracture stabilization and treatment
- Recognize the different types of knee, tibia, ankle and foot fractures and select the proper diagnostic evaluation and surgical approach for each type of injury
- Discuss controversial topics in orthopedic trauma care, including timing of fracture care, bone grafts, post-op infection and osteoporosis
ACCREDITATION STATEMENT
Cedars-Sinai Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT
Cedars-Sinai Medical Center designates this live activity for a maximum of 7.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSES
The California State Board of Registered Nursing accepts courses approved by the ACCME for Category 1 credit as meeting the educational requirements for license renewal.

PHYSICAL THERAPISTS
Cedars-Sinai Medical Center is an approved provider for the Physical Therapy Board of California. This course meets the requirements for 4.0 hours of continuing competency.

POLICY ON DISCLOSURE
It is the policy of Cedars-Sinai Medical Center to ensure balance, independence, objectivity and scientific rigor in all its educational activities. Cedars-Sinai Medical Center assesses conflicts of interest with its faculty, planners and managers of CME activities. Conflicts of interest that are identified are resolved by reviewing that presenter’s content for fair balance and absence of bias, scientific objectivity of studies utilized in this activity, and patient care recommendations.

While Cedars-Sinai Medical Center endeavors to review faculty content, it remains the obligation of each physician or other healthcare practitioner to determine the applicability or relevance of the information provided from this course in his or her own practice.

ACKNOWLEDGMENT OF COMMERCIAL SUPPORT
Commercial support for this conference is pending and will be acknowledged at the event.
9TH ANNUAL LOS ANGELES ORTHOPEDIC TRAUMA COURSE:
HOT TOPICS IN ORTHOPEDIC TRAUMA

REGISTRATION METHODS:
ONLINE REGISTRATION: visit cedars-sinai.edu/orthotraumacme

MAIL FORM TO: Cedars-Sinai Medical Center
Office of Continuing Medical Education, Attn: Registration
8797 Beverly Blvd., Suite 250, Los Angeles, CA 90048
FAX FORM TO: 310-423-0309

For additional course or registration information, call 310-423-5548.

PLEASE PRINT CLEARLY
